The Company EBIDTA and PAT are 14.6% (Rs 13.61 crores) and 3% (Rs 2.8 crores) respectively, in spite of annual salary increments given during the current quarter.

### About MosChip

MosChip Technologies Limited is a publicly traded semiconductor and system design services company headquartered in Hyderabad, India, with 1100+ engineers located in silicon valley-USA, Hyderabad, and Bangalore. MosChip provides turn-key digital and mixed-signal ASICs, design services, SerDes IP, and embedded system design solutions. Over the past 2 decades, MosChip has developed and shipped millions of connectivity ICs. For more information, visit [www.moschip.com](http://www.moschip.com).

**SAFE HARBOR:** This release comprises certain forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those mentioned in such forward-looking statements.

The risks and uncertainties including but not limited to, those risks and uncertainties, viz, our ability to compete in highly competitive semiconductor industry, ability to define, develop and sell new products, dependency on subcontractors for the supply and quality of raw material, dependency on markets considering the cyclical nature of the industry and our ability to attract and retain technical manpower. MosChip may from time to time make additional forward-looking statements in any manner and does not undertake to update any of these forward-looking statements that may be made from time to time by or on behalf of the company.
